1925 PRICE LIST

Nursery Stock Greenhouse and Bedding Plants

**Scott Brothers
ELMSFORD NURSERIES
ELMSFORD, N. Y.**

Introductory

In presenting our price list for 1925 we again take this opportunity to thank our customers for their liberal support and patronage, and to assure them that their orders will receive as careful attention in the future as they have in the past.

We have 60 acres of land in Elmsford, most of which is planted in Nursery Stock. The most exacting buyers will find with us a fairly complete assortment.

DELIVERY. The prices herein named are at our Nursery, or F. O. B. the Express and Railroad Station at Elmsford, unless otherwise agreed. Where delivery is made by truck a charge sufficient to cover cost will be made.

PACKING. A nominal charge will be made for labor and materials used.

GUARANTEE. We do not guarantee our stock to live and cannot assume responsibility for failure due to unfavorable planting or growing conditions. Our stock is fully up to grade; has been several times transplanted and properly handled. No one should experience any difficulty in making it live. All claims for errors must be made within six days after receipt of goods, or such claims will not be considered.

Stock will be supplied at prices named herein. Where dozen or hundred rates are quoted, six of any one variety will be supplied at dozen rates, twenty-five of any one variety at hundred rates, otherwise, unit rates will prevail.

Prices quoted are for first class stock, but where specimens are personally selected by the purchaser or his representative, they will be charged for according to their individual values.

We have, at time of printing, a full stock of all items listed herein. The quantities in some cases are limited, particularly in the large sized EVER-GREENS. In order to avoid disappointment, it is advisable to order early.

TREES

ORNAMENTAL AND SHADE

MAPLES

ACER DASYCARPUM PYRAMIDALIS. (Pyramidal Silver Maple.) This makes a beautiful tree of pyramidal form. The leaf is cut, light green and silvery underneath. It is almost as rapid a grower as the Poplar, but much handsomer and longer-lived. For screening purposes we have trees that are branched from the ground up.

Specimen plants, \$10.00 to \$15.00 each.

ACER PLATINOIDES (Norway Maple). One of the hardiest and most vigorous of all trees for shade and avenue planting. Forms a very compact globular head and is free from disease and natural enemies.

10 to 12 feet, 1½-inch calipre, \$5.00 each.

10 to 12 feet, 2-inch calipre, \$6.00 each.

12 to 14 feet, 2½-inch calipre, \$7.50 each.

14 to 16 feet, 2½ to 3-inch calipre, \$10.00 each.

Larger specimens, \$15.00 to \$25.00.

ACER PLAT-SCHWEDLERII (Schwedler Norway Maple).

In every respect similar to the Norway Maple except in the color of the leaves which are bright purple when young and retain a purplish green color all summer. This is the most decorative of all Maples.

Large specimens, \$35.00 to \$50.00 each.

ACER SACCHARINUM (Sugar Maple). The well-known native Maple.

12 to 14 feet, 2-inch calipre, \$5.00.

14 to 16 feet, 2½-inch calipre, \$7.50.

JAPANESE MAPLES

ACER POLYMORPHUM ATROPURPUREUM. (Blood-leaved.) This is the best of all the Japanese Maples. The foliage is reddish crimson or blood-red in spring and becomes duller as the season advances, but it holds this color all the season. The growth is upright and bushy and makes a beautiful "Lawn Specimen."

12 to 18 inches, \$3.50 to \$5.00 each.

ACER POLY-ATRO DISSECTUM (Cut-leaved). The foliage is very fine cut and blood-red when young; changing to purplish green in summer. Very dwarf, with graceful weeping form.

12 to 18 inches, \$5.00 each.

HORSE-CHESTNUT

AESCULUS HIPPOCASTANUM. A well-known tree with abundance of white flowers in May. Makes a fine "Lawn Specimen."

10 to 12 feet, 2-inch calipre, \$3.50.

12 to 14 feet, 2½-inch to 3-inch calipre, \$7.50.

Larger specimens, \$10.00 to \$15.00.

BIRCH

BETULA ALBA (White Birch). One of our well-known native trees.

8 to 10 feet, \$3.00; 10 to 12 feet, \$4.00; 12 to 14 feet, \$5.00.

Larger trees, \$10.00 to \$15.00.

BETULA ALBA LACINATA (Cut leaf Birch).

8 to 10 feet, \$3.00; 10 to 12 feet, \$5.00; 12 to 14 feet, \$7.50.

CATALPA

CATALPA BUNGEI (Umbrella Tree). A most useful tree for formal planting. The stems are 6 to 8 feet high and surmounted with a round, formal top which grows thus naturally without trimming. The leaves are broad and glossy. A very ornamental tree.

6 to 8 feet high, 1½ feet heads, \$3.50 each.

6 to 8 feet high, 2 feet heads, \$5.00 each.

Larger heads, \$7.50 to \$10.00 each.

JUDAS TREE, OR RED BUD

CERCIS CANADENSIS. One of the first trees to flower. The branches are covered in early spring with a mass of dark pink or magenta colored flowers, which are succeeded later by pale green leaves.

5 feet \$2.00; 6 feet, \$3.00.

JAPANESE CHERRY

CERASUS JAPONICA. Upright growing Japanese Cherry. (Several varieties.)

6 to 8 feet, \$5.00.

CERASUS JAPONICA PENDULA (Weeping Cherry). Produces an abundance of beautiful pink flowers in early spring, before the leaves appear. The branches are slender and droop to the ground like a large umbrella.

5 to 6 feet, \$5.00 each.

DOGWOOD

CORNUS FLORIDA (White Dogwood). A fine native tree of medium growth, with large white flowers in early spring, followed by an abundance of red berries in the fall. The foliage in the fall is also very brilliant.

6 feet, \$2.50; 7 feet, \$3.50; 8 feet, \$5.00.

Larger specimens, \$7.50 to \$10.00 each.

CORNUS FLORIDA RUBRA (Red Flowered Dogwood).
Like the preceding, except that the flowers are deep pink. This variety is very scarce.
5 feet, \$5.00; 6 feet, \$7.50.

HAWTHORNE

CRATAEGUS OXYCANTHA. The celebrated hedge plant of England; also useful for single specimens.
4 to 5 feet, \$1.50; 5 to 6 feet, \$2.00.

CRATAEGUS OXY COCCINEA FL. PL. (Paul's Double Scarlet Thorn). The best of the "Thorn" family; flowers are double and bright red.
4 to 5 feet, \$2.00; 5 to 6 feet, \$2.50.

BEECH

FAGUS SYLVATICA PURPUREA (Purple Beech). The foliage is dark purple and the tree of slow growth.
4 to 5 feet, \$5.00; 6 to 7 feet, \$10.00; 7 to 8 feet, \$12.50; 8 to 10 feet, \$15.00.

MAIDEN HAIR TREE

GINKO BILOBA. A handsome tree of medium size; pyramidal in growth with foliage resembling the maiden hair fern.
8 to 10 feet, \$3.50, 10 to 12 feet, \$5.00.

GRASS SEED

ELMSFORD EVERGREEN LAWN GRASS MIXTURE—We have made an extensive study of grasses, and have here combined in one mixture several of the very best kinds in such proportions as will give the best results. Some of the kind are naturally early and give the lawn a bright color as soon as Spring opens up. Others will stand the heat and drought of Summer and others again will keep on growing until late in the Fall. We consider our "Elmsford Evergreen Mixture" to be as good as any on the market to-day. For new lawns, sow 85 to 100 pounds to the acre.

Per bushel (20 pounds): \$7.50.

THE ELMSFORD SHADY SPOT GRASS MIXTURE—A combination of grasses that naturally grow in shady places, of guaranteed purity and free from weeds.

Per bushel (20 pounds) \$8.50.

PERMANENT PASTURE MIXTURE—A combination of various grasses recognized for good pasturing qualities—a combination that will keep growing from early spring until late in the fall. Sow 50 to 75 pounds per acre. Bushel (14 pounds): \$5.00.

HAY MIXTURE—A superior mixture, suitable for hay and permanent pasture, of guaranteed purity. Sow 40 pounds per acre.

Per bushel (14 pounds): \$5.00.

LANDSCAPE DEPARTMENT

The Landscape Department is an important branch of the Nursery business. We are well equipped to undertake the development of either large or small estates.

The individual members of our firm have had a life experience in this work and are well qualified to give practical advice in the development of new places, or the renovation and care of old ones. We have developed and renovated a number of new and old places; the names of the owners will be given on request. We have moved a quantity of large trees with great success and are fully equipped to take care of this branch of the work. We have also made an extensive study of Rockery work and have done a number of large jobs of this nature, which we will be pleased to show to interested customers.

Estimates and specifications on any of the above work will be cheerfully given.
